

# YOUVERSION BIBLE APP

The most widely-used Bible app available, it has a ton of features that you will come to love. For those who choose this path, a friend circle will be created within the app so that we can encourage one another. The app supports both text and audio!

## DOWNLOAD THE CORRECT APP

When you go to download the app from the Apple App Store, Google Play, or Amazon, it is recommended that you use the search function and type in *YouVersion Bible App* then click Search. It should be the first choice. The icon should look like the one above, and it should have millions of downloads. When you launch the app, the screen will say YouVersion.

## PERSONALIZATION & MORE

Once you have signed into the app, don't forget to explore. You will be able to add a profile picture, highlight scripture, bookmark things, start other plans, watch videos, earn badges and so much more! Take the time to really discover what the app has to offer you. It can really enrich your relationship with God!

## SETTING UP FOR SUCCESS

Two of the greatest strengths of using the YouVersion Bible app are the fact that you will be carrying your favorite translation of the Word of God with you wherever you go, and that it will allow you to connect with others that are part of this challenge throughout the year. Let's discuss each.

## TRANSLATIONS & AUDIO

One of the amazing things about the YouVersion Bible App is how many translations of the Bible you can read on it. However, how to change versions isn't explicitly stated, so we will show you how here.

- In the app, click the Read button at the bottom. You will be taken to the Bible.
- At the top of the screen, you will see the book of the Bible and chapter, and next to it, the current translation (likely KJV).
- If you click the translation you will see a list of all the translations you can change to.
- You are also given the option to download the text of the translation so that you can use it while not connected to the Internet.
- The versions with an  icon mean there is an audio version of those translations that you can listen to. Please note that those do not download, and that if you listen to them, they will be streaming to your phone.

## JOIN TEAM CHALLENGE!

The first thing the YouVersion Bible App has you do when you install it is to sign up with either a Google account, Facebook, or by creating an account with them. If you skipped that part, please click the person icon in the upper-right corner of the app and follow the instructions.

Once you have done so, you want to add John Garrett as a friend within the app. John is coordinating our "Plans With Friends" to help us all work together as a team throughout the year. To add him, the best way to do so is to use his church email address: [john.garrett@brockportfm.org](mailto:john.garrett@brockportfm.org)

Before the end of this year everyone who friend's John within the app will receive a plan invitation from him!
